5. What type of token would you use (Currency, Resource, Asset, Access, Equity, Voting, Collectible, Identity, Attestation, Utility)?

We would use the Resource token to indicate the storage rights.

6. In a few sentences, describe your token. Who would use it? When would it be used? How can you convince people to adopt your token?

Token shall be a resource token and will be used as means of units of storage. We would advise people to trade tokens as means of capacity assets.
